The Senate Select Committee on Ethics utilizes
reporters of Milton & Greenwood Reporting Associates, Inc.
to record the official proceedings of the Committee.

At present, only one reporter, Lynelle Shreve, has
the necessary clearance to handle the most sensitive
classified material with which we may be involved. As
Ms. Shreve also reports such sensitive classified material
for the White House, there may be occasions when she will
be unavailable for our purposes. Therefore, it is requested
that another reporter be given the same clearance previously
afforded Ms. Shreve.
